## HALLOWEEN PARTY.

Last Saturday night Miss S. H. Smoot invited a large number of her friends to spend the evening with the goblins, ghosts and spirits and try to draw aside the curtain that divides the present and the future and see what is in store for each one present. Her beautiful home, "Tanner's Rest," a Wilkesboro, N. C., was darkened with the exception of the dim light that filtered through the mouths, eyes and nostrils of the numerous guests everywhere in the porches, halls, parlors and dining room, and everyone was ushered in silently as if among the spirits of the departed, and soon the guests of what was in the future began. Fair, matches and a bowl of water were first used, then a bowl of apples, etc. All were required to do their share in revealing the mysterious future. Refreshments were in keeping with the other features of the evening and consisted of apples stuffed with fruits salad, ginger cake, sweet cider, peanut butter, sandwiches, etc. One of the hits of this delightful evening was games in the yard, around the glaring light of a bonfire, the shadows cast across the lawn adding to the ghostlike appearance of things.

## ALEXANDRIA TO HAVE Y. M. C. A.

The old Alexandria House property was sold by Mr. S. H. Lunt at public auction this morning to Mr. Frank L. Slaymaker, representing a small group of Alexandria's business men, who agreed to assume their share of the purchase price, \$8,000, to secure the property, the building to be used, after remodeling for a Y. M. C. A. hall for the young men of Alexandria. The city has for years been without a Y. M. C. A. or any place outside of a few denominational church establishments, where many of the young men of the city can spend a pleasant and profitable evening without harmful influences, and it is felt that the property purchased today, after remodeling, will fill the long-felt need of the city's rising generation of young men. The detailed plans for the organization and establishment of a first-class Y. M. C. A., with all the most modern accessories, will be ready for publication in the next few days. The association will of course have the backing of all the churches, but will be entirely non-sectarian, and entirely outside of any church control.

## ATTEMPT TO STEAL BICYCLE.

A small negro boy, who gives his name as William Gillison, was arrested early last night charged with attempting to steal a bicycle from the rear of the residence of Mr. Charles W. Howell, 109 South Royal street. Mr. Howell's son Charles heard the boy in the yard, and fired several shots from a revolver to frighten the intruder. A search of the premises was then instituted and the negro boy was found hiding in a corner of the fence, with the lamp from the bicycle in his hand. Gillison said he is an orphan, and came from Louisiana. Gillison was brought before the Police Court this morning and sentenced to the reform school.

## FORFEITED HIS COLLATERAL.

Early last night a sailor from the steamship Wilhelmina was badly beaten in a North Lee street resort by an Alexandrian. The latter was arrested and left \$20 collateral for his appearance in the Police Court this morning, but he did not appear when the case was called. Another Alexandrian was also arrested charged with being a party to the assault, but it was shown that he attempted to prevent the assault on the sailor, and he was dismissed. The evidence was to the effect that the man who committed the assault pulled a cigarette from the sailor's mouth, and when the latter took exception to the procedure he was assaulted.

## ACCIDENT TO A BRAKEMAN.

William Whalen, 50 years old, was caught between two freight cars at the intersection of Lee and Princess streets, yesterday afternoon, and two of his ribs were broken. It is feared that he has also been injured internally. He was removed to his home, 422 North Peyton street, where he was attended by Dr. William M. Smith. Whalen is employed by the Southern Railway Company as a brakeman, and was about to couple the cars when the accident occurred. He missed his footing and was thrown from a platform when the cars came together, and fell between them.

## DROP IN TEMPERATURE.

The mild weather and southerly breezes which had prevailed for the past few days were succeeded yesterday afternoon by a cold northerly gale which caused a decided drop in the temperature before sundown. The weather became colder during the night, and this morning ice could be seen. The mercury at an early hour stood at 30°.

## DRANK CARBOLIC ACID.

## CORONER'S INQUEST.

A coroner's inquest was held at the morgue of the District of Columbia at 11 o'clock this morning to fix the responsibility of the collision last Tuesday morning between the Norfolk steamer Washington and the ferryboat Lackawanna by which Samuel Blekin lost his life, and Mrs. Fannie Smith and Mrs. Emma Seann and her little son were injured and knocked overboard.

The crews of the steamer Washington and the ferryboat Lackawanna were summoned to appear at the inquest. In addition to Capt. Kenaricks and Phillips and other members of the crews, a number of men and women who were on the two vessels when the crash came will testify. It will take the jury several days to examine all the witnesses and reach a verdict.

Steamboat Inspectors White and Wright will attend the inquest, and later conduct an investigation. The captains of the colliding vessels are members of the pilots' association, and that organization has retained Attorney Luther L. Dow, of New York, and O. L. Warwick, of Baltimore, to represent them. These gentlemen defended Captains Davis and Beach in this city after the sinking of the Trenton last spring.

Yesterday insurance underwriters made an examination of the two boats, to ascertain the exact amount of damage. It is estimated that repairs to the Lackawanna will cost about \$10,000 and that \$2,000 will be needed to repair the Washington. The Washington is to be repaired at Norfolk. The steamer Newport News has taken the place of the disabled boat on the Norfolk route.

It is said that Vice President Callahan of the Norfolk and Washington Steamboat Company, is endeavoring to get another ferryboat to take the place of the Lackawanna, which will not be ready for use for a month or six weeks.

Mr. Reid was a life-long democrat, a prosperous farmer and an esteemed citizen, and had a large circle of friends throughout this section who will deeply regret his death. His funeral will take place Saturday afternoon from his late home and the interment will be in Ivy Hill Cemetery, near this city. The pallbearers will be Messrs. C. O. Carlin, John McWilliams, W. E.
